## About Me

Hi, there!

I'm Julia and I have an enormous wish to make people see the best of themselves with my artwork and contribute to amazing projects.

I think ART is a way to inspire others to feel the greatness of their existence in this world, bringing peace for those who watch it, and for the world in general.

Please feel free to contact me when you have a project!  
I'd love to know more about it for sure :) - Best Wishes!
